# TASSIMO

By working with the Rainforest Alliance, Kenco is helping to protect the rainforest, as well as the animals, plants and birds that live there. The Rainforest Alliance work alongside farmers to replant trees, restore and protect natural habitat as the demand for coffee is ever growing.

This stylish attractive machine produces a range of quality tasting branded drinks such as, PG Tips Tea, Twinning's Tea, Suchards Chocolate and Kenco's Coffee's. You also have the option of Cappuccino's and Lattes. To be sure that this machine meets everyone's requirements, you can even personalize the drinks to suit every individual taste. The LCD display makes this machine very simple and easy to use with its step by step instructions to help guide you through the process. Without any fuss this machine will produce the perfect refreshment you require. One of the many great, unique features on this machine includes the T discs. It scans the barcode on the T disc to ensure that your drink is delivered at the right temperature, pressure and volume.
